Orient Bell Limited (OBL) is one of the largest manufacturers of wall and floor tiles in India. Established in 1977, OBL has been a pioneer in the industry, with a strong focus on customer-centric innovation.

It was the first to manufacture ultra-vitrified tiles, and new product design and development continue to be an ongoing process at OBL. As a result, the company offers an extensive range of tiles in various finishes and textures.

OBL holds two patented technologies — Anti-Static Tiles and Anti-Viral Tiles — and three patent-pending technologies: Scratch-Free Forever Tiles, Germ-Free Tiles, and Cool Tiles.

To showcase its wide range of tiles, OBL operates a chain of signature showrooms. Privileged to be associated with leading architects and construction firms across the country, OBL also counts most of the top developers, government bodies, and public sector institutions among its valued customers.
